Amazing Campaign

Resurrection University launched the “Amazing Campaign” for the first time in June 2018, featuring students and alumni on billboards, bus shelters, and in buses and trains. The success of the first launch led to subsequent launches of the campaign featuring more students and alumni the following October, and faculty in January 2019.

On April 14, ResU hosted a “Men in Nursing” event, featuring a panel of ResU alumni and other male nurses in Chicago, who spoke about what it’s like to be men in the nursing profession.

Launched public health film series

Alumni Aric Shimek '14, BSN, RN, CCRN, CPN, Ann & Robert H. Lurie Children's Hospital of Chicago, Telemedicine, proposed a new film series designed to educate students about important Public Health issues and, as a result, the Alumni Association and Student Services partnered to launch the series. Throughout the 2017-2018 academic year, Mission & Ministry hosted several “table celebrations” to acknowledge religious holidays and observances including Rosh Hashanah, The Feast of Saint Elizabeth, The Birth of the Prophet Muhammad, the meaning of Christmas, and the Jewish Feast of Purim.

Student Life

To ensure that students immerse themselves into everything that makes Resurrection University a one-of-a-kind experience, Student Life launched its first-ever Week of Welcome, or WOW! At the start of each term, students are now welcomed with events on campus, opportunities to connect with faculty outside of the classroom, and a chance to explore all the involvement opportunities that ResU has to offer through Student Organizations, Mission & Ministry, Student Life, Counseling & Wellness, the University Library, the Alumni Association, and Testing Services.
